standard of living is beand farmers are more and the better ways. The les-he surface is being put in wer before; and some there and there, who realize timit, part of gardening apart, all, not much difference beand gardening and that ant lessons in farming are ant lessons in farming are from gardening. Indeed it ming clear to a 'ew who are advanced positions in farmarden should be the test and ace for the farm, and so, in h farming, have its boundamuch enlarged.

In country, for most of the the older States certainly essarily entering the stage rming; and that means that aust know, if he would surit his own farm by experi-

everything. The spirit in farming that makes for this sort of business is the spirit that makes much of our farming and it weighed over 1200 pounds, lacking a proposition of the wheat is bad and bad only.

Nor should the element of beauty be the farms there is nothing ame of garden.

Is lived under such cirls did the best of the young to the farm.

It drive away rather than lid the best of the young to the farm.

Vigorous born amidst such get away from them as pessible, disgusted with the rming known to them, connot quitting anything wore of home.

Wheat in Southwest Texas.

everything. The spirit in farming that makes for this sort of business is the spirit that makes much of our farming and it weighed over 1200 pounds, lacking a few pounds of twenty-one bushels. After deducting the toll I received 688 pounds of bran and 66 pounds of middlings. This grew on less than an acre of ground. I consider the one-half barrel over three barrels, the bran and the middlings paid for the labor. Now what field crop can a farmer raise on an acre of ground, the net proceeds of which will enable him to buy three barrels of flour?

One thing that has kept farmers from raking wheat more extensively is that there has been no ready cash market for wheat. But it pays big far a farmer who has milk cows, hogs and chickens to have a few hundred bushels of wheat every year. What is not needed for flour can be ground up in a corn mill or crusher.

Wheat in Southwest Texas. F. W. Schweppe, in Claridge's Stock Farmer.

In the August issue of your valuable journal you state that frequent inquiries are made touching wheat growing in Southwestern Texas and call upon some one who knows to write about it. What I know about wheat growing in this section is based on personal observation and experience covering a period of twenty-one

The valleys in the mountainous country northwest of San Antonio is as fine a wheat country as can be found on earth sively raised is one of those questions that is about as difficult to answer as many other questions. Why is it that we find species of service that the enriched garlen can be to great purpose.

ow and then the land on a lit there are lots of farmers that will send their enemies or the agents of their enemies to the legislature to make lawa? Every day in the year one will find farmers and others going into the stores at Comfort, Center Point, Kerrville and Fredericksburg, where there are up to date roller mills turning out flour of the best farmers who do without milk, butter and we write. After the generatored the difficultice at first he exceptional conditions will disappeared. So that generatore knows his garden he m. welcome more than women ival of the time when the case to be an afterthrught worthy of the name of good a rule even today the garwith thus on the farm. It down programme. Maybe it distinct maybe not. The limit maybe not. The limit maybe to the importance more the so they importance more the sound of the state of the wheat fall planted four bushels of wheat it is made.

I is the silicated to deminate the structure of the wheat remained on the ground. After the wheat was threshed I took nineteen bushels, stricken

one thing that has kept farmers from raising wheat more extensively is that there has been no ready cash market for wheat. But it pays big far a farmer who has milk cows, hogs and chickens to have a few hundred bushels of wheat every year. What is not needed for flour can be ground up in a corn mill or crusher. It beats corn as feed for cows and hogs. In planting wheat the land should be plowed deep. If one has no grain drill the best plan is to sow broadcast and plow under with a double shovel plow or cultivator. Never sow more than one bushel to an acre. A harrow will not put the

BIDS AND PROPOSALS.

WANTED—Bids to build a house near Thompson's Siding. Address R. A. Mc-Kee, Velasco, Texas.

NOTICE TO CONTRACTORS—Bills for the erection of a city hall at Liberty. Texas, previously advertised to be opened september 24, 187, and postponed on account of quarantine, will be opened at Liberty, Texas, Thursday, October 7, 187, at 10 o'clock a. m. Joseph Riviere, Mayor.

Mayor.

NOTICE TO CONTRACTORS—Bids will be received by the undersigned for the construction of roadway on Washington road from the city limits of Houston to the east end of the shelled portion of said road, and for the repairing the shelled portion of said road from the chaineyville to Houston Heights.

Separate bids will be received for the repair work on the shell road and for the construction of the new roadway.

Bads to be submitted by or before 12 o'clock noon, Monday, October 11, 1877.

Each bid must be accompanied by a cetified local check, payable to my order as county judge, for the sum of \$250 for the repair work and \$500 for the new roadway. The successful bidder must furnish a satisfactory bond in the sum of \$250 for the repair work and \$250 for the contract for repair work, the bond in each instance payable to the county judge and his successors in office and conditioned for the faithful performance of the work.

seed down deep enough. Then harrow and roll. In lieu of a roller a light log dragged over the field will do to level and press down the ground. Wheat should be sown in September or early in October, so as to be firmly rooted by winter. Letting a few cows graze on the wheat field in the winter will not hurt the wheat and be a big thing for the cows. Though spring wheat does well, winter wheat is a surer crop. It ripens before the drouth can do any harm. Most men that have threshing machines don't know how to thresh wheat.

COTS FOR SALE in Street Car addition, down Harrisburg road, in city limits, 1125; 110 cash, 55 monthly; good drainage, D. D. Smoanon, 103 Trays.
